## UPDATE

To the individuals we support, their families, and our community partners,

On July 9, 2021 the Premier of Ontario announced that the province will be moving into Step Three of Ontario's [Roadmap to Reopen](#) effective today, July 16, 2021.

The Ministry recognizes the important role that families, friends and other visitors play in providing social, caregiving and emotional supports that contribute to the quality of life of people residing in congregate care settings, and has issued the following detailed guidance document regarding congregate care settings:
