

February 18, 2022

To the individuals we support, their families, and our community partners,

Given the improvement seen provincially and within the Niagara region with COVID-19 and the Omicron variant over the last few weeks, I am pleased to announce the following program updates:

DAY ACTIVITIES

Effective Monday, February 28, Day Activities will resume for those individuals living within the Familyhome program.

RESPIRE

In conjunction with Public Health, a plan is being developed to enable the safe reopening of Adult Respite.

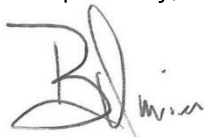

CHILDREN'S SERVICES

We are working with Public Health for the safe resumption of group services in the near future.

While the pandemic is still present and we must all remain vigilant, the accelerated rollout of the provincial reopening plan provides new optimism for a future where COVID-19 is no longer the concern that it has been. Your patience and understanding throughout this time has been, and continues to be, greatly appreciated.

If you have any questions, please continue to talk to your Bethesda contact for details on your personal services or let us know at questions@bethesdaservices.com.

Respectfully,

Brian Davies
Chief Executive Officer
